DETAILED ACTION

Response to Amendment

This office action is in response to amendment filed on 10/30/09. Of the previously presented claims 12-18; claim 12 has been amended and claims 13-14 and 16 have been cancelled.

Allowable Subject Matter

1. Claims 12, 15, 17, and 18 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The invention of the current application pertains to unlocking mobile telephone type wireless communication terminals and provides a means to allow a customer to unlock the phone from a particular service provider after an agreement has ended. The novelty of the invention lies in the combination of steps performed in unlocking the mobile terminal from the services of the mobile services provider. Independent claim 12 recites that the mobile terminal transmits to the telephone number via the services of the mobile services provider an unlocking request including the identification number and requesting that the manufacturer transmit to the mobile terminal unlocking information that will enable the mobile terminal to unlock itself so that it is no longer locked to the services of the mobile services provider, the unlocking request being transparent to the mobile services provider; the mobile terminal receiving the unlocking information from the manufacturer; and responsive to receiving the unlocking

information from the manufacturer, the mobile terminal unlocking itself. These particular steps in performing the unlocking of a mobile terminal are neither taught nor suggested by the prior art. Accordingly, claims 12, 15, 17, and 18 are allowed for these reasons and the reasons set forth in Applicant's arguments filed on 10/30/09.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
